

5 REASONS TO FUND SCHOOL MEALS FOR ALL

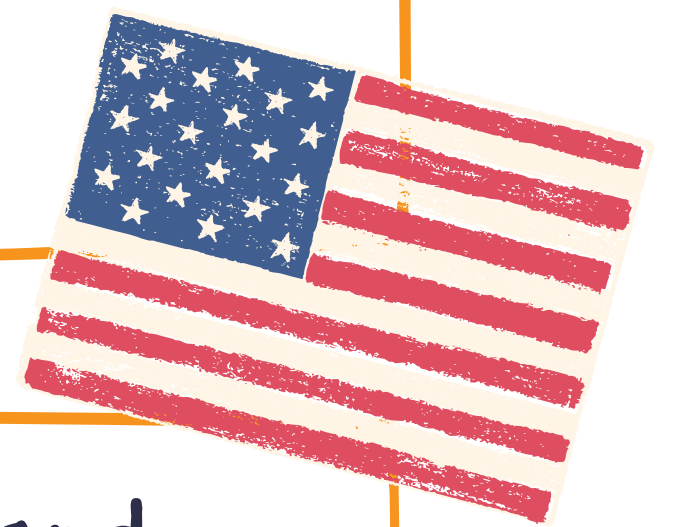

#1

1 in 6 kids in NC goes hungry on a daily basis. In our most rural counties, 1 in 3 children experience hunger.

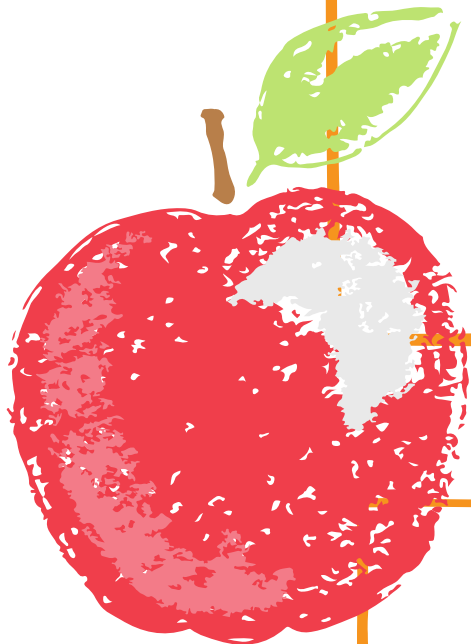

#2

Providing school meals at no cost to families helps improve academic performance and student health.

#3

The higher cost of school meals and rising inflation makes paying for breakfast and lunch increasingly difficult for many hardworking North Carolina families struggling to make ends meet.

#4

School meals are often the only way students facing food insecurity get reliable, consistent, and nutritious food on a regular basis.

#5

When all students have what they need, including regular meals, everybody benefits - both inside and outside of the classroom.
